

Problem: Bullying Prevention

Step 1: Don't be afraid to stand up for yourself. Act confident and tell the bully to stop.

Step 2: If you are with a group of other kids, stick for one another. Take some of the bullies power away.

Step 3: Avoid getting emotional. Are you angry or scared when you are bullied?

if yes: tell to your teachers or school principal about it.

if no: ignore the bully.

Step 4: Pretend like you don't hear them and keep walking.
